Foot, David and David Leadbeater. 1992. "What is measured by dependency ratios?" Paper presented at a joint session of the Canadian Economics Association and Canadian Population Society, University of Prince Edward Island, Charlottetown, June 5.

David Leadbeater. 1989. "The Growth of the Wage Population in Canada, 1929-1981." Paper presented to the Economic History Workshop, University of Toronto, November 6.

RESEARCH GRANTS

- 2009-10 Social Sciences and Humanities Research Council (SSHRC) grant from the Aid to Research Workshops and Conferences – \$22,891 to support “Resources, labour and empire: a research workshop on globalization and alternatives.”
- 2008-09 Laurentian University Research Fund (LURF) grant – \$2,000 to support research for paper “Measuring Economic Dependency: Economic Dependency Lines and Regional Development Policy.”
- 2007-08 Laurentian University Research Fund (LURF) grant – \$2,800 to support publication of book *Mining Town Crisis: Globalization, Labour and Resistance in Sudbury*.
- 2003-04 Laurentian University Research Fund (LURF) grant – \$2,200 to project “Labour-community economic development policy for hinterland mining and resource-dependent communities.”
- 2002-03 Social Sciences and Humanities Research Council (SSHRC) Institutional Grant (SIG) – \$5,000 towards project “Labour-community economic development policy for hinterland mining and resource-dependent communities.”
- 1999-00 Laurentian University Research Fund (LURF) – \$3,200 towards project “Mining communities and the new crisis of economics development.”
- 1998-99 Institute for Northern Ontario Research and Development (INORD) – \$1,800 towards project "On the pattern of transfer dependency in the Sudbury and Elliot Lake regions."

- 1994-99 Social Sciences and Humanities Research Council of Canada (SSHRC) – \$69,500 to the Elliot Lake Tracking Study for the fourth round survey, with special emphasis on the role of training and education. I was one of three researchers working on this project; the others were David Robinson and Derek Wilkinson.
- 1994-97 Innovations Branch of Human Resources Development Canada (HRDC) – \$2,038,000 to the research unit of the Elliot Lake Tracking Study for the fourth and fifth round of the survey, as well as several sub-projects. The Elliot Lake Tracking Study is a major interdisciplinary longitudinal case study of layoffs in the mining industry. I was one of the six senior researchers responsible for the project; the others were Anne-Marie Mawhiney, Monica Neitzert, Elaine Porter, David Robinson and Derek Wilkinson.
- 1994 Elliot Lake Job Creation II – \$34,400 to the Elliot Lake Tracking Study for the third round survey (together with EIC funds below).
- 1993-94 Employment and Immigration Canada – \$100,000 to the research unit of the Elliot Lake Tracking Study for the third round survey. I was one of five researchers responsible; the others were Anne-Marie Mawhiney, Monica Neitzert, David Robinson and Derek Wilkinson.
- 1991-92 Elliot Lake Job Creation I – \$141,000 to the Elliot Lake Tracking Study for the second round survey. I was one of five researchers responsible; the others were Matt Bray, David Robinson, Peter Suschnigg and Derek Wilkinson.
- 1990 Institute of Northern Ontario Research and Development and the Ontario Ministry of Northern Development and Mines – \$50,000 (\$20,000 and \$30,000, respectively) to the research unit of the Elliot Lake Tracking Study for the first round survey. I was one of five researchers responsible; the others were Matt Bray, David Robinson, Peter Suschnigg and Derek Wilkinson.
- 1990 Laurentian University Research Funds – \$3,970 for archival research on the development of the unemployment concept in Canadian official statistics.
